Find Dog Names And Puppy Names That Fit

Searching for a name for your dog shouldn't be taken lightly. Considering that your pup might live up to 15 years, you'll be using the same one over and over up to 30,000 times...That's a lot!

If you start your dog off on the wrong paw and give him one that doesn't fit his personality, characteristics, or is one that wasn't given much thought, hearing him called will soon become like an annoying itch that can't be reached.

Since every name isn't the perfect fit for all puppies, the one given your pup should be as distinctive as their looks, their size and their breed. With this in mind we have collected a large array of puppy names to make the task of choosing one much easier for you and your family.

So Where Do I Start? Here's A Few Ideas...

We recommend that you start your search on our [Dog Naming Tips](#) page. Even though giving your dog a name sounds easy enough, there's pointers here that might help your puppy avoid having to go thru a mid-life name change. Once read, you can check out our various categories for different ideas...

-Coming up with good female names is often a difficult task. Of course you want to identify your pup as the lady she is, but are looking for something a little different than the typical names all the other girls on your block are wearing, if so, then a visit to our [Girl Dog Names](#) might be just what the Veterinarian ordered.
